The show "Friends" is painfully unfunny and is the most overrated thing ever 64% Agree

Every time this damn show comes on I change the channel immediately... it's just so horribly unfunny and the laugh tracks after every single line is just the worst thing ever. I cant put it into words how much I hate this show.

Megathread: Trump drops plan to host G-7 at Doral Megathread

Accused of using the presidency to enrich himself, Trump announced a rare backtrack on Twitter on Saturday night stating "based on both Media & Democrat Crazyed and Irrational Hostility, we will no longer consider Trump National Doral, Miami, as the Host Site for the G-7 in 2020." He says his administration "will begin the search for another site, including the possibility of Camp David, immediately."
